The Mason LINE

by Chan Mason

DON'T MISS THE CARNIVAL!

Latest organization to take tickets and take charge of a concession is Saint John of the Cross Church.

A terrific amount of work is being done by our P-TA, Student Councils and in fact by almost all men and women everywhere in the Grove. We'll betcha L. G. will have that Swimming Pool before you know it.

TO ALL POLITICAL CANDIDATES

"Yep, we're for Schools, Roads Water and Harbor Development too" but what if anything do you plan to do, if elected toward increasing the tax on race track betting? We frankly can't buy that "I'm for it" stuff either.

—ML—

No friends that wasn't smog the other A.M. Just a vapor trail left by Doc Johnson and his 235 mechanical horses.

—ML—

Take a gander at the kids playing ball on the school grounds any afternoon or evening if you want to see what can happen as a result of some real effort and a small community financial investment.

Mike Calderone and Louis Poluzzi are in the midst of developing a recreational program that deserves all the support it can get. Again we come to the same old 'cliche' "Community cooperation can accomplish anything." Buy those dime scrip tickets for the Swimming Pool Carnival. It's your best investment for the future.

—ML—

Anybody disagree that the TV program "Letter to Loretta" is tops for consistantly good entertainment?

Then there's the one about the two Psychiatrists who met and one greeted the other with "You're fine, how am I?"

School Costs Near $10 Mark For New Plant

School construction costs are coming down and the George Marston Junior High School is adequate proof that schools can cost less.

A complete plant of 117,610 square feet, built on a sloping site which involved considerable site preparation expense, was built at the cost of $10.06 a square foot or $1,182,000. Herluf Brydegaard is the architect.

Copper radiant heating, fluorescent lighting, glare-reducing skylights, aluminum louvers for daylight control, colored concrete walks for glare control, a 750 person auditorium with a remote stage lighting control, mahogany paneling in the auditorium and most offices, are some of the features that went into the $10 plus square foot structure.

Joe Erchul, staff architect for the San Diego Unified School District, said, "It is gratifying to see school costs nearing the $10 per square foot cost again. The trend has been slightly downward since October and it is possible that keener competition is partly the cause. Of course architectural development such as Mr. Brydegaard and others are offering is a major factor and does much to control the total cost."

Dr. Frank Gigliotti, chairman of the Citizen's Committee on School Costs in Lemon Grove, said, "I feel that our committee and the studies that we have made and the reports we have given have had salutary effect toward bringing school costs down. Our group has done considerable studying following meetings with a member of last year's Grand Jury which condemned high school costs. In most cases, we found as the Grand Jury did, that the architect was responsible for the costs as much as any other major factor.

"Good schools can be provided at reasonable costs," Dr. Gigliotti said. "I feel that school boards and the architect they select should be held responsible and if schools come in at too high a cost some plan should be had so that the plans could be revised, and if a lower cost is obtained the individuals should be held responsible and a change should be made."

In a recent meeting David B. Everett, who is running for the non-partisan office of State Superintendent of Public Instruction said at a reception at the home of Dr. and Mrs. Chas. Wm. Brown, "School costs are too high and can be reduced."

LUNCHEON ON FOR LEGION AUX.

A dessert luncheon and canasta party will be given by the American Legion Auxiliary May 19 at 12:30 at the American Legion Hall in La Mesa.

County Taxpayers Assn. Demands Budget Cuts

A demand for reduced county expenditures was made in a letter to the Board of Supervisors this week by the San Diego County Taxpayer's Association.

Claiming that county property taxes have become "almost unbearable" they asked for 1: Keeping the relief rolls to a minimum; 2: Recall of a $6,100 gift to the Urban League which the Association claimed is a private organization; 3: Place the burden of advertising for tourist business on Hotel and Motel Owners Association instead of asking home owners to share in it; 4: Make the San Diego Junior Chamber of Commerce self sustaining instead of supporting it by tax recepits; 5: Petition the Legislature for part of the money from natural resources and apply it to schools and welfare; 6: Reduction of planning and reduction of the planning staff; 7: Sharing of the sales tax for the school building program rather than putting the continuous increase in taxes on the home owner.

The letter was read at a meeting of the Association Monday at the home of Dr. Frank Gigliotti and was unanimously approved. Nine members of the organization were present.

The Dimmer VIEW

by Max Goodwin

Too many persons take a detached view of the national pasttime newly named "point of order" which could be better titled "assassinate that character.'

During the past generation many newspapers, some innocently, have been in on the game. It took TV to give sight to the printed word which once alone could be used to color the picture of a citizen's character. In recent political generations where preverts and subverts became an integral part of official federal life, words became an important tool in the deadly game designed to stifle opposition and competition. This is often done by playing the news straight then emphasizing an almost irrelevant element of the story in the headlines, in headlines usually larger than the story would require. Often, a different meaning can be worked into a story by quality of headline.

To localize the picture, I wish to show how the San Diego press, inadvertantly or intentionally, dished up stories concerning area residents and how it effected them.

Several months ago a judge hereabouts levied a $1,000 fine against two servicemen charged with shooting game out of season. The headlines made it look like an unfair penalty. As a result, abuse was heaped on the judge via letters to the press and the man suffered some loss of popularity when he needed good will for upcoming election. Subordinated, altho published, were these facts: The men shot a doe out of season on a game refuge, using illegally, a spotlight for a lure. They then led a high speed but losing race all night with the cops. They admitted they had wilfully flaunted the law but this part was not given prominence.

Last week, another judge, Luther Hussey of Lemon Grove, sitting in a National City court levied a $350 fine against a woman whose viscious dog had bitten several children and adults. She had previously failed to appear in court to answer complaints on several occasions. To prevent further disregard for court orders he assessed the fine but suspended all but $20 of it provided she obtain a dog license, have the dog vaccinated, and keep the dog confined. The headlines however, stated that the woman had been fined $350 on a dog license charge. Standing by itself, the headline makes the penalty ridiculous.

Another case is that of Joe Eaton, a well known and respected area resident who owns the La Mesa airport. He obtained one of the 10 liquor licenses for his Sweetwater Springs Dining Room in February. Last week he made the headlines when someone apparently put in a grand jury "beef" that Eaton did NOT pay a kick-back for his license. That, naturally, brought all 10 of the certificates into jury purview. The story was handled in such a manner that it appeared to the casual reader that Eaton had

Bag Bursts For 'Sack' Bandit

The bag burst this week on the "paper sack" bandit who had been suspected of holding up more than a half dozen liquor stores in this area using a paper bag over his hand to hide a "weapon," when police arrested Glen Edward Smith, 26, 151 Los Flores Terrace, in a road block early Sunday.

Smith, an unemployed dry cleaner is suspected of holding up the Brookside liquor store, 8291 Imperial, and robbing the clerk of $55. He is also suspected of robbing the liquor store at 7955 Broadway in Lemon Grove two weeks ago.

Sheriff's sergeant Willard Rigley said that he was carrying $48 and a paper bag containing first aid supplies when arrested. He claimed he never used a gun and that he was always "afraid someone would pull the paper bag off my hand, find only my finger and shoot me." He claimed he turned to robbery for a living while unemployed because of a back ailment.

Phone Company Manager Joins Drew Motors

Elmer J. Drew and Allan W. Cunningham, co-owners of the Drew Motor Company are pleased to announce that Sidney S. Campbell has been appointed to the newly created post of Business Manager. The heavy demand for new Ford automobiles as well as substantial increase in the service and used car departments makes this organizational change necessary.

Campbell has long been active in civic and community affairs. He is currently president of the La Mesa Rotary, director and past president of the La Mesa Chamber of Commerce, director of the San Diego County YMCA, member of the Masonic Lodge and the First Methodist Church of La Mesa.

For the past several years Campbell has been manager of the Pacific Telephone Company in La Mesa. He attended public schools in Illinois and at Bradley University, Peoria, Ill. After finishing college he was employed by the Goodyear Tire & Rubber Company, Los Angeles, prior to entering the telephone business.

He and Mrs. Campbell reside with two sons, David, 17 and Sidney, 13 at 9525 Lemon Ave., La Mesa. A third son, Jack, is attending Mexico City College.

Sponsorship of Gibson Grows

The president of the San Diego County Taxpayer's Association, Dr. Frank Gigliotti, said today that he would personally support John Gibson for the Legislature from the 77th District.

"The Association has not been asked to support this sterling businessman," Dr. Gigliotti said, "because we have not had a meeting to consider it. We shall ask the organization to lend Mr. Gibson their support as soon as another meeting is held."

At a breakfast meeting Tuesday morning in La Mesa the San Diego County Better Government League unanimously endorsed Gibson. Arnold Dahl, one of the members, said that the district needed a representative upon whom no shadow of suspicion could be cast of payroll irregularities.

Scholarships Go To Two Grove Girls

Two Lemon Grove girls were named for scholarships by the Scholarship Committee of Helix High School, it was announced this week.

Mary Rewicz, daughter of Mr. and Mrs. Rewicz at 1930 Fairhaven, Lemon Grove, has received a $2500 scholarship to University of Southern California. Mary has been drum majorette for the Helix Band, plays 1st chair viola in the Helix orchestra, plays in a string quartet and the Youth Symphony. She is a life member of California Scholarship Federation and a member of the newly formed Quill and Scroll. She was chosen as an outstanding girl in her junior year to be one of the Tartan Bearers at graduation last year. Mary is planning to train to be a teacher.

Nona (Jackie) Coyle, daughter of Mr. and Mrs. Blaine J. Coyle of 7472 Central Avenue, Lemon Grove has received a scholarship to San Diego State College offered by the La Mesa Woman's Club, Evening Division.

Jackie has been active in Heatherettes, is president of the Spanish Club, is a life member of California Scholarship Federation, has been a Student Council representative and is an active member of the Helix Choir. She was chosen as an outstanding junior girl to assist with ushering at the baccalaureate service last June. She also holds the office of Marshal in Jobs Daughters. Jackie plans to be a teacher.

JOHN LANDESCO HOSPITALIZED

John Landesco, 1940 Skyline Dr., well known Lemon Grove civic leader, is in Paradise Hospital with a heart ailment.

Mrs. Landesco said that his condition remained unchanged earlier this week.

Bravery Pays Off for Little Jerry Taylor

Jerry Taylor . . . self control and a home saved

Lenox Foto

A campership was awarded last week to pretty, little, blonde Jerry Lynn Taylor, daughter of Mr. and Mrs. Gerry E. Taylor, 6610 MacArthur Dr.

The campership stems from a letter written by Mrs. Louise M. Smith, 6739 Hibiscus Dr., who told of little Jerry's bravery and self control during an emergency at her home earlier this year. Mrs. Smith is Jerry's scout leader in Troop 554, San Miguel School.

Jerry, who was nine in January and is in third grade, is marking her second year as a Brownie. Safety at home and school is part of the discussion at Brownie meetings and has been stressed in her school classroom and by her parents at home.

One day Jerry, walking home from school, was startled by a billow of thick black smoke when she opened the door leading to the enclosed back porch. A burning electric oven was near enough to the door for Jerry to see that fire was both on and around it. Jerry resisted her immediate thought of running for help and instead went into the smoke filled area and unplugged the electric appliance, took the family's pet dog outside and then, and only then, ran to the nearest neighbor's house for help.

Thus the little girl by not throwing water on the electrical blaze and showing admirable self control possibly saved herself from injury and the house from great damage. Sweaters, which had been thrown across the electric roaster, had caught fire when the family dog apparently jumped up and hit the switch.

As a result of her action Jerry was guest of honor last week at the L. G. Kiwanis Club.

In closing her letter, Mrs. Smith says, "To me this is an example of the results of the combined efforts of the home, school and Girl Scouts activities and it shows what we can and are doing to make alert and useful citizens of our girls."

Jerry has two sisters, Peggy Ann who is 11½ and Nancy who is 10½, a brother, Jimmy who is 13 months old, and she takes care of three rabbits and sometimes chickens and goats and also sings with the Lemon Grove Lutheran Church Junior Choir.

The maladministration of the Federal Housing Administration gives painful promise of reaching far beyond Washington D. C. and now there is indication of another unsavory operation sailing up the political creek—a contract involving the building of Navy tugboats. Iniquity in high places seems to pay off—except for the taxpayer.

Brother columnist Mason, was recently admonished gently but firmly upon the virtue of brevity. There's a reason. This gives the writer of the Dummer Column a chance to lift the floodgates and let loose an avalanche of verbosity unequalled in local newspapers. We enjoy this erudite column—especially the last paragraph.

—DL—

And now we smile broadly and audibly, for Columnist Chan again made the Los Angeles Times in the Home Town Flavor section, where he got honorable mention for comment in his column in the Lemon Grove Review, and this item was not noted for its brevity. It told of a phone conversation between two of his lady friends.

Statistics given out by our Secretary of State Jordan show that 399 candidates are seeking office. That is a lot of politics. Some of the primary contests will be interesting, noticeably in the 26th district in Los Angeles. James Roosevelt only has nine opponents—quite a ball game.

Over My Shoulder

By A. F. "TONY" SONKA

In the last installment the history of Lemon Grove took us to the era when the Cuyamaca Dam was built and a diverting dam on the San Diego River came a year later and finally a wooden flume line was built to Grossmont where a small diversion dam, the Eucalyptus Reservoir, was constructed. It was this water which permitted Lemon Grove to raise its citrus, winter vegetables and avocados. In the late 1880's an agricultural economy was developed in Lemon Grove. This chapter takes up near the turn of the century.

PART FOUR

While all this was taking place, what about the Indians? Where were they?

An amusing thing happened when I tried to trace them. I knew they must have been here. They couldn't have simply vanished. The library had nothing to offer, so I began asking old-timers. I wanted to know exactly where they had camped. It was old Doctor White that set me straight. It was like a "Ripley's Believe It Or Not." The Indians at one time had camped right where my house now stands, near the corner of Massachusetts and Broadway Extension on the old Waite place.

When Dr. and Mrs. White moved here in 1901 there was only one teacher, a Miss Bostwick, for the school, but a little later, Mrs. White told me that two teachers, Meta Woodson and her mother, were employed. We can see how far Lemon Grove has progressed in education by looking at the old school house, that is now a residence and stands across the tracks from the Community Congregational Church.

This church was one of the first churches in Lemon Grove, and the old church building is also a residence and stands just west of the church of today.

Before 1901 and just before the Whites came here, a Mr. Klinefield had run a grocery store. But I have learned that the first store in Lemon Grove had been run by Mr. M. P. Bond in 1892 or 1893. After Klinefield came Medcalf, then Lyons, Mr. Braiden, Mr. Mason and then the Sonka Brothers, who had the store thirty-eight years.

It was a wonderful thing for the early settlers, this one little grocery store. It was a long trip into San Diego with a horse and buggy or a team and wagon. These men, the early storekeepers, fill an important place in the history of Lemon Grove.

For a long time, after the Whites came, there was no doctor in Lemon Grove and the doctors in San Diego charged $25 for a trip out to visit a sick person. Dr. White was retired. He had been a horse and buggy country doctor before his health failed. Mrs. White said to me, "The doctor never really practiced here. He only went out on 'Thank-you jobs.' But he couldn't refuse to go when folks were sick. But he had no license to practice here and he never charged a cent for anything he did." Mrs. White had been a nurse, and she also went wherever she was needed. The Whites are a proud spot in the history of Lemon Grove.

VETERANS' COUNTY EXEMPTION DEADLINE NEAR

For the convenience of veterans and other taxpayers who, for some reason, must come to the office to file their exemption claims and regular tax declarations, the Assessor's Office will be open until 9:00 p.m. on the evenings of Wednesday, May 19th and Thursday, May 20th, 1954.

All veterans and church exemptions must be filed by 5:00 p.m. June 1st, 1954. After this date exemption claims cannot be accepted. Taxpayers, other than veterans, who do not declare their property before this date run the risk of having to pay a penalty later on.

To date 161,679 statements have been taken by the office since January 4, 1954 in comparison with 145,176 at the same time last year.

'NEUROSIS' TO BE DELPHIANS TOPIC

Alpha Beta Chi Chapter of Delphian will examine "Neurosis and its Treatment" with Mrs. C. A. Patterson as leader at Hilltop Chateau, Tuesday at 10:00 a.m.

Topical points will be introduced by Mmes. T. H. Gillispie, Dan Apra, W. A. Thomas, David Hentigan, and Miss Rosalie Winkler.

The urgent need for expanded library facilities in Lemon Grove to keep pace with the growth of population was discussed by Delphians at their last meeting.

Zena Dail Wins Award for Third Time

Public Schools Week essay contest winners were presented to the students of the Lemon Grove Junior High last week at a special assembly program. Ben I. Schei announced that Zena Dail, sixth grade student from Mrs. Holmquist's class was the winner for the third time in a row of the twenty-five dollar bond given by the local Masonic Club. Honorable mentions at the junior high were presented to Jerry Waddle, Peter Danielson, Sharon Henderson, Connie Reid, Sharon Cassell, Marilyn Sima, and Antonie Kallis, all of the eighth grade. In the seventh grade, Barbara Thomas, Devana Koger, Sandra Birchell, Michael Randall, Ruth A. Dilly, Robert Ostheimer, Paul Hayman, and Judy Rank received honorable mention for their essays. Sixth graders with outstanding essays included Ralph Brown, Michael Angus, Tom Walton, and Sheila Cosby.

Sue McDonald, president of the student council, announced the musical portion of the program. This included four numbers each by the school band and the orchestra, under the direction of Paul Cheatham, and several musical solos. Mary Sue McMahon gave a piano solo, and also accompanied Janet Baxter's bass clarinet solo and Robert Ellis' trumpet solo.

Because the auditorium does not accommodate the entire student body at one time the seventh and eighth grade students attend the first assembly, and the sixth graders make up the audience for the second assembly. This is done at all assembly programs held this spring at the junior high.

SOUTHERN SECTION COUNCIL FOR TEACHERS TO BE HELD IN L.A.

Teachers from the Lemon Grove Schools will attend the Southern Section Council meeting in Los Angeles this Friday evening and Saturday. Peg Darroch will attend the Friday evening California Schools Public Relations meeting, and Mrs. Darroch, Louis Poluzzi, and Rick Stammerjohn will also attend the all-day meeting of the council on Saturday. At this final meeting of the year, election results for Southern Section will be announced and plans made for activities for the coming school year.

Open House to Commemorate National Hospital Week

National Hospital Week is being celebrated by hospitals across the nation and members of the communities they serve this week. The week is centered around May 12 to commemorate the birthday of Florence Nightingale, whose services in nursing has led to vast improvements in hospital care.

In this area, La Mesa Community Hospital will hold open house Saturday May 15 from 2:30 to 3:30 and from 7 to 8 p.m.

WALTERS TO GIVE WATCHES IN CONTEST

People always have been—and always will be—fascinated by seeing what makes a watch tick. This was the inspiration for a unique watch now being shown for the first time at Walter's Jewelry, 7773 Broadway. It's the Wyler Double-View, featuring a transparent crystal back that lets you look right in and see the movement tick.

To launch these conversation-piece watches for graduation, Walter's is holding an easy-to-enter contest among graduating seniors in the Foothills area. Students submit their guesses as to how many miles a Wyler balance wheel travels in a year. As a hint, it is explained that the balance wheel—which is the heart of the watch—beats five times a second and travels many miles a year. The correct mileage is listed along with other figures on a contest board. Closest guess wins a Wyler Incaflex watch. The winner will be announced Saturday noon, June 12.

The transparent back of Wyler's Double-View, showing its gold-colored movement, is part of the new style trend toward an open look, evident in transparent top cars and glass-walled homes, Walters said. A variety of styles designed with graduation in mind includes self-winding and regular models, gold and steel cases, luminous dials. All are water-resistant and shock resistant.

Aldo Ray, another actor, announced that he is preparing for a second career if and when acting gives out. He's taking night courses to get a bachelor's degree with the objective of running for Congress. But he doesn't expect acting to help his plans. "The public," he explains, "doesn't have much faith in actors as political thinkers." Fortnight

ONE-ACT PLAY PRESENTED BY JR. HI STUDENTS

At a special assembly last Friday morning, the junior high school students of Lemon Grove enjoyed a one-act play presented by the 8-2 class. Under the direction of Mrs. Genevieve Oliphant, "Who Says Can't," by Katherine McClure, featured Sue McDonald and Carolyn Randall in the feminine leads and Pat Boone, Sherrill Van Landingham, Randall Nisleit, and Robert Lindsley completed the cast.

Stage manager for the play was David Ratliff; make-up was under the direction of Sonja Larson; in charge of costumes was Jane Carlson; and Leonard Blottin and Charles Taylor worked as stage crew.

Mr. Thomas Brogan, junior high teacher, was announcer for the program. He introduced the string quartet, the clarinet quartet, and the brass sextet, all ensembles from the school music department.

At the close of the program, Carolyn Randall, on behalf of the play's cast, presented Mrs. Oliphant with a beautiful bouquet of roses.

Camp Fire News

The Tanda Camp Fire group took part this year in the Birthday project. The theme was "Let's Be Different Together." They made and wore costumes from their chosen countries. They cooked and served a foreign dinner. The course of the evening was as follows: A trip to South America, Billie Porter, as hostess, serving Tacos—next to Egypt, Betty Finney sitting on the floor with pillows all around her, serving fruit salad—from there to China with the only Blue Bird present, Sandy Lizama, serving rice—next to Norway with Beverly Lizama dressed in costume serving meat balls and gravy and a Christmas cake (Yuda Kake)—then to the magic isle of Hawaii with Dee Anna Anderson dressed in her festive hula skirt serving pineapple salad. Thence to Italy where a big dish of sweets was served by the newest member, Marjory Howry. And last, over to Germany with Billie Stark dressed as a Dutch girl serving apple turnovers. The dinner was served by candle light with Dee Anna saying grace. The evening ended with songs and dances from most of the countries mentioned above.

The Blue Birds and Camp Fire Girls of Lemon Grove who sold one case or more of peanuts attended a special movie at a theatre in San Diego, March 24. Those girls who sold two cases or more received a certificate at a special meeting Wednesday, May 5 at Lemon Avenue Junior High in La Mesa. Mrs. Les Tina told stories.

Heartland Players

By BOB TURNBULL

"Arsenic and Old Lace," and this is your last chance to see this fanciful comedy in three acts. Tomorrow and Saturday nights are the only two remaining nights of our latest production (May 14 and 15). Every comment we've heard about the play on last week-end was favorable, thank goodness, and we know that you'll enjoy yourself watching this fine performance.

This week I'd like to take the opportunity to express my sincere thanks to our marvelous production staff. Without their tireless efforts and assistance our play would not have been possible. And I mean every word of what I've said. They are as follows: director, Bud Coffin; stage manager, Bill Rhodes; the set, Bill Baxter; lighting, Sam Baxter; wardrobe, Cynthia Spry and Kate Williams; properties, Lois Burnworth; make-up, Mary Rhodes; the book, Mary Coffin (and family); tickets, Mr. and Mrs. Rhodes; programs, Mary Coffin; publicity, Kate Williams and Bob Turnbull; and the house, Betty Baxter. Believe me, these people have spent almost all of their spare time in order to make this show a hit and enjoyable for you to see. Show your appreciation by either going to the Lemon Grove Woman's Clubhouse at 8:30 tomorrow or Saturday night. Tickets can be bought at the door or at Lane's Men's Wear, 7765 Broadway in Lemon Grove. Refreshments will be served and you'll be comfortably seated at tables and chairs.

A note of interest—Blake Park will play the part of Officer Klein, taking over for Dave Dixon, who found it impossible to be there on play nights.

Next and last week—our advertisers.

James Boyd Brown, 54, longtime kingpin in the heroin peddling trade, was sentenced in LA to 40 years in prison and an $8,000 fine. Brown also faces a murder charge for the killing of Frank Stafford, federal undercover agent, who was scheduled to testify against Brown in the narcotics trial. Fortnight

Trick to make painting windows easier. To keep ladder from breaking through window pane, nail a flat board across the ladder to straddle window. The ladder will rest on the frame of the window rather than on the glass

How to buy a paint brush and know it's good! Look for bristles that have some life in them. Press against back of your hand to test springiness. Also separate the bristles (see left) to inspect wooden strip that usually anchors them to handle. If wooden strip is too wide, brush won't hold enough paint. In an animal-bristle brush, look for split ends on the bristles. Split-end bristles hold more paint and help spread it evenly. You'll never go wrong with a Super-kleen brush.

YOU can get all the painting accessories that you need — and many more helpful tips—at our store. Why not stop in very soon. We'd be delighted to see you.

Heartland Players Present . . . "Arsenic and Old Lace" tomorrow and Saturday nights in the L. G. Woman's Club on Main st. This is your last chance to see this hilarious farce. By the by, about six Helix students are in the play. We have all types of characters—everything from an excited drama critic, up to a harmless lunatic, to an insane killer and down again to a slick lookin' Minister's daughter. So for an enjoyable evening of clever and talented entertainment go see "Arsenic and Old Lace" at 8:30 in the Clubhouse, Friday and Saturday night (May 14, 15). Tickets at the door.

Sports Round-Up . . . Final City Prep Track Standings: San Diego (7-0), Grossmont (6-1), Kearny (5-2), Hoover (4-3), Point Loma (3-4), La Jolla (2-5), **Helix (1-6)**, and Lincoln (0-7). (Our first year out of the cellar.) Helix finished sixth in the B division out of 8 schools with a record of 2-5 and the Helix C team was in a tie with Lincoln for fourth place, each having a 4-2 record. Final Metro League Track Standings: Chula Vista (7-0), Sweetwater (5-2), Escondido (4-2), San Dieguito (3-4), Mar Vista (3-4), Vista (2-5) and Oceanside (0-7).

Helix fared out very well in the City League Track Finals, that includes all the big names in high school track. The A's finished 6th with 16 points, the B's were third with 28½, and the C's wound up in fifth place with a total of 11¼ points. Helix did such standout jobs as having Weldon place first in the 120 HH with a flying time of 15.1—Curtis, also an A, leaped over the last hurdle to finish 4th in the 180 LH dash—And our A relay team took a surprise 5th. The B relay team (660 yds.) took first nudging out San Diego for a record breaking time of 1:09.2—All in all Helix did pretty durn good. So just keep your eyeballs peeled on the sports page and watch our home town boys trot up north to give some of them northerners a little competition.

Platter Parade . . . This week's five popular hits at Ratner Electric, 8th & Broadway in downtown San Diego. (Phone BE-4-3363). "Cross Over the Bridge," Patti Page; "Man with the Banjo," Ames Brothers; "Crazy 'Bout You Baby," Crew-Cuts; "Bell Bottom Blues," Teresa Brewer; and "A Thousand Stars," the Reveliers. Go down to Ratner's, who has the largest selection of records in town, browse around for a spell, and then bring home the record of your choice.

—o—

Throwin' the Bull . . . I read something a mite interesting the other day and I thought I'd pass it on to you readers. All thought this is off my usual subject, nevertheless it's what everybody searches for. The question was "Is there one sure way to stay young looking?" And surprising enough the answer was a big fat YES. The story behind the story went something like this—Yes, eat more food containing protein, as lean meat, eggs, milk, etc. That helps to prevent the withering of age. As you approach your fifties, and up, your glands lose vigor, causing a reduction of protein in the muscles under the fat (or something like that there). Anyway it says that's the way you produce wrinkles. So follow a high-protein diet and either eat yourself to an early grave or wind up full of vigor, good looks and an empty food budget.

One of the better spring fish stories came from **Frank Slaughter** of LA. Fishing off a pier, he explained, he caught a 16-lb. carp. When he opened the fish's mouth to remove the hook he found a jack of hearts. Two men on the pier at the time backed up Slaughter's story. Fortnight

Melvin Grant Named Helix VP as Warburton Takes Leave for Doctorate

Melvin Grant, principal of Harborside Elementary School, Chula vista, has been named vice-principal at Helix High School for the school year 1954-55. He will replace John T. Warburton who has been granted sabbatical leave to work toward his doctorate at U.C.L.A. next year. Grant will assume his responsibilities as Helix vice principal in September.

Supt. Lewis F. Smith, in announcing Grant's acceptance of the post, said, "we are fortunate in obtaining the services of one of the most able young administrators in the county, particularly in view of the exceptionally fine record compiled by Tom Warburton. We believe Mr. Grant will measure up in every way."

Grant attended Wheaton, Ill. High School and Northern Illinois State Teachers College after having served in the U. S. Army Air Force from 1942-45 as a radio and radar operator. Following his graduation from San Diego State College in 1949 he served the Rich Mar Elementary School District successively as teacher, teacher-principal, principal and district superintendent. During the last four years he has been an administrator in the Chula Vista City School District, where he has established a fine reputation for relations with staff, parents and pupils and for promotion of a strong educational program.

Grant lives with his wife, Marian, in Chula Vista at present. They will move to this area as soon as arrangements can be made. Mrs. Grant is well known locally, having served the La Mesa First Methodist Church as Director of Christian Education.

Grant was named by the Board of Trustees of the Grossmont Union High School District after he had been recommended by a committee composed of Assistant Superintendent Harold G. Hughes, Principal Benton Hart, Superintendent Lewis F. Smith and Raymond L. Reed, who represented the teachers of the Grossmont District.

POLITICAL PICTURE

Robert Bruce of Santa Maria, chairman of the statewide committee to reelect Roy E. Simpson as State Superintendent of Public Instruction, today stated that "every major organization of public school educators in the state has endorsed the candidacy and is urging the reelection of Roy E. Simpson."

Organizations giving the endorsement, according to Bruce, are: California Teachers Association, California Association of School Administrators, California Association of Secondary School Administrators, California Elementary School Administrators Association, California State Junior College Association, and the California Association of County Superintendents.

In addition to educational organizations, Bruce said, Simpson has been endorsed by the A.F.L., C.I.O., and a number of business groups.

Ralph R. Cloyed, candidate for State Senate, has received the unanimous support and endorsement of the San Diego County Republican Assembly Units' Fact-Finding Committee.

The announcement was made by Lillian Johnson Lehman, chairman of the Republican Unit following the canvass of a 19-point questionnaire returned from 103 representative citizens of San Diego City and County. Mrs. Lehman stated that 315 questionnaires had been mailed to the 120 signers of the nominating petitions of Assemblyman Cloyed and Senator Fred H. Kraft, plus a similar number from the membership list of the San Diego Republican Dinner Group, with the balance picked at random. The tally sheet showed 75 for Cloyed, 16 for Kraft and 5 neutral with 6 returned for faulty address.

SAN DIEGO—William F. Howell's proposal to establish a juvenile bureau in the Sheriff's department if elected to the office fills a critical need in the county, the candidate declared yesterday.

"On recent tours of county communities," Howell said, "newspaper editors and others expressed enthusiastic approval of my plan for a Sheriff's juvenile bureau. They told me that the present deputies are not only untrained in handling juvenile cases but in many instances are prone to 'rough up' teen agers involved in law violations."

Indorsement of a candidate for a contested office before the primary election is criticized by Col. Thomas Drake, regional director of the 30th Congressional District, California Republican Assembly.

Specifically, Drake leveled at "an unauthorized committee" which purportedly has lined up for Assemblyman Ralph Cloyed in his contest against State Sen. Fred Craft.

'Shoppers Are Funny'

By BOB TURNBULL

As all "Big Ace" shoppers know by now we have a well organized inter-com system in our store. Many times little boys and girls get lost and want their mommies, so they tell a big man in a green apron their tale of woe and in return he announces over the inter-com that a little boy is lost. I noticed that many of our patrons get a tickle out of hearing a "Big Ace" worker announce "There is a little boy that's lost. He says his name is Stevie and he is about five years old. **He's lost in the liquor department.**"

For the convenience of our shoppers "Big Ace" now has an "express lane" that will handle groceries consisting of eight items or less. This will hurry the people out that have to ordinarily stand in line when they only have an armful of items.

I was talking to one of the box boys the other day and he related this interesting tale. It seems that a man was walking up and down the aisles acting very strange. He would stop and look around his shoulder and then hurry around that aisle to another one and repeat the same performance. This box boy was sweeping the floor and he decided to follow him to see what this fellow was up to. After watching him for a while, the box boy went and told one of the managers what he saw. The manager spotted the man and then burst out laughing. Yes, that's right! It turned out that this "strange man" was the house detective.

"It's the day in and day out savings that makes your shopping at 'Big Ace' so very worth while. You shop in modern convenient super markets and we share our profits with you through lower prices plus valuable S&H Green Stamps." Signed—Jim Banister, President of "Big Ace" markets.

An S&H Green Stamp guessing contest is one of the current attractions at Big Ace Market, it was announced today by Larry Childress, manager of the local market.

The contest is simplicity in itself. A king size green stamp book has been set up in the store and the pages are turned by an electric motor. Even the stamps are king size which makes it easier for guessing the total number of stamps in the book.

Some of the prizes to be given to contest winners include a Samson aluminum chair, a Westinghouse-Roaster oven, a Chatham 100% wool blanket, a Phinney Walker traveling alarm clock, deluxe Can-O-Mat can opener, a Toastmaster pop-up toaster, a Universal electric sandwich grill and several other prizes.

In the photo above are Mr. and Mrs. Robert Brown of 4208 Marian, Vista La Mesa and their sons, Robert "Bobby" Jr., and Burton. Mr. Brown is a trustee of the Lemon Grove Elementary School District.

LETTERS TO THE EDITOR

Dear Sir:

I would like to clarify the misunderstanding that resolved itself in print in the Review recently.

As a certified public accountant I perform the accounting duties that I am assigned. This accounting does not and should not be construed as an endorsement for any individual or firm.

Your publication acquired the services of my firm recently to total a number of tapes representing purchases in various parts of the county. We checked these totals, the totals were correct. We reported this to you. Any connotation arrived at beyond our statement that the tapes were correct is erroneous. I did not authorize the use of my picture or the results of the services of my firm in any commercial advertisements.

I hope this will clear up the misunderstanding which resulted from such publication.

Sincerely,
Bert A. Betts, C. P. A.
7896 Broadway

Editor:

I'm writing this letter to urge people to patronize their community's little-theater plays. (In this case—The Heartland Players.) All those people on the stage and behind the scenes go to a lot of work and expense to entertain the audience. Of course it's fun for them, but the community should stand behind them and take a night from their regular activities to enjoy the show.

After working many years at the Globe Theatre there is no thrill and satisfaction like having your friends and your community stand back of you 100% and show you that they appreciate your efforts and indicate that they feel you are an integral part of your community.

Let's all get out and support our Heartland Players.

Cordially yours,
Dr. Amorita "Treganza" Adams

Construction is being started on **Hyatt House**, a $1,250,000 70-room hotel and $250,000 restaurant at Los Angeles International Airport. **Hyatt Rober Von Dehn**, Beverly Hills industrialist, hopes to make this the start of a national chain of 30 airport hotels to be built throughout the country.

Fortnight

This bevy of attractive members of the Woman's Club Juniors hold plaques and platters in connection with prizes won recently at the Catalina Southern District meeting where the club walked off with the "Help Build a Better Community" award. Awards were also won in Citizenship, Legislation, Community Welfare and International Relations. Honorable mention was given for Arts and Crafts.

Left to right are Mmes. Clyde Walker, Edward Pledger, James Fueling, Fred Cohenour, Robert Bailiff, and Ralph Craft.

GROVE JUNIORS GAIN S. DISTRICT AWARD

The Southern District Spring Convention at Santa Catalina was a huge success from standpoint of Lemon Grove Woman's Club Juniors.

Mrs. James A. Martin, Jr., president, was happy to accept for Lemon Grove Juniors the special Southern District award for Build a Better Community, a beautiful silver serving tray, and first place Hoffmaster awards for small clubs in Citizenship and Legislation, Community Welfare and International Relations. Arts and crafts received an honorable mention.

The Build a Better Community award was for the work done toward the organization of a fine youth recreation program now in progress. Two Junior chairmen, Barbara Cohenour and Robbie Kraft, spent many hours on the Recreation Committee. Donation of $500 for athletic equipment and membership in the Chamber of Commerce, the latter being unique for Junior clubs, helped gain the award.

First place award for Community Welfare was based on participation in all major fund drives, sponsorship of a Y Teen Group, and assisting needy families. Seven hundred twenty two and one-half hours went to this volunteer work. Glorio Scagliotti served as County Welfare Chairman and Kathleen Bailiff and Ramona Walker have been club welfare chairmen.

The Citizenship and Legislation award was earned for registering voters, donations to the General Federation of Woman's Club for the restoration of Independence Hall, members serving as jurors, letters sent re legislation, and speakers on civic projects. Dema Pledger is the Americanism Chairman.

Award in International Relations was due to many hours spent by the chairman, Eleanor Shipps, obtaining signatures on the Freedom Scroll for Radio Free Europe, nylons sent to Japan, Meals for Millions donation, collection for Kenneth Kaiser Memorial High School in Korea, and an exchange of letters between children of Lemon Grove and those in foreign countries.

Sponsorship of a Girl Scout and Brownie troop, Christmas gifts for children in County Hospital, participation in Chamber of Commerce Christmas Party, the Fairest of the Fair contest and organization of a square dance group also helped earn the award.

Lemon Grove placed a very close second for the Smith attendance award with sixteen Juniors and their advisor, Mrs. A. C. Bourquin, in attendance. The delegation included Mmes. Jean Johnson, Herbert Johnson, Harold Hatton, James A. Martin, Jr., Leon Meyer, Bert Betts, Russell Eldridge, James Feuling, William Miller, Paul Shipps, Carl Piepenbrink, Lawrence Sozzani, Thelma Carr, Dot Hoffman, Louetta Zick, and Ralph Kraft.

Among items of business voted upon at the convention was the donation of $500 to go to five national charities in the amount of $100 each.

Awards Dinner for Vocal Students On May 19

The Lemon Grove Music Perent's Club will give its first annual awards dinner honoring the vocal students of the Junior High School on Wednesday, May 19 at 6 p.m. A brief musical program has been planned, and the master of ceremonies will be Mr. John Dail.

Honored guests will be two past presidents of the club, Mrs. C. Forrest Baxter and Mrs. William Cabral and their husbands; Mr. Robert Rue, vocal teacher of Helix High School, and his wife, Mr. and Mrs. Ben Schei, Mr. and Mrs. Byron Netzley, and Mr. and Mrs. S. K. Solleder.

The following chairmen have been named to take care of the planning of the dinner program: Program, Mrs. Ralph Martin; decorations and dinner, Mrs. John Dail; tickets, Mr. Robert Harlan; invitations, Mrs. Vernon Linden; publicity, Mrs. D. F. Ellis; awards, Mr. Paul Cheatham.

Sumner Alpert, temporary chairman of the grou,p has urged all Democrats to help build their party, so that it can best serve the country and the community. "The major task of our group," he stated, "will be to help the voter become acquainted with the candidates and the issues. All citizens interested in joining this group can call Mr. Alpert at HO 9-4789.

Equivalent of 13 Room Schoolhouse Must Be Built Daily

A thirteen-room schoolhouse must be built every day for the next seven years if California is to provide learning room for the tremendously increased numbers of boys and girls who will be knocking at the doors between now and 1960, according to Dr. Kenneth Brown, California Teachers Association Director of Research.

In a C.T.A. research report, based on State Departments of Finance and Education studies, Dr. Brown showed that 3,024,800 school children are anticipated for 1960—an increase of 1,059,685 over 1952. Kindergarten population will be 231,000 in 1960, grades 1 through 8 will be attended by 2,045,000 students, and there will be 748,800 pupils in grades 9 through 12, according to the study.

Mari Leytonen Wins Spelldown

Mari Leytonen, eighth grade student from the 8-6 section at the Lemon Grove Junior High, became the undisputed champion speller of the school when she easily defeated eleven other contestants at a school spelling bee on Tuesday, April 27. Held in the school auditorium as part of the Public Schools Week celebration, the bee featured top spellers from all homerooms. These included Vernon Mayes, Randall Nisleit, Lewis Griggs, Creta Eaton, Melvin Stover, John Hale, LaRoyce Cooper, Kay Gullikson, Barbara Bunting, gives the 3D illusion without the benefit of glasses. The screen being installed is 105 feet wide, which is more than twice the size of the huge screen formerly used. "This gives the feeling of action going on both in front of you and on both sides. It actually makes you feel you are being drawn into the action," he said.

The cinemascope is the first outdoor installation in San Diego County.

"Every theatre will eventually come to cinemascope," Bunting said.

While the new screen is being installed a special screen of high brilliance has been hung so that shows go on uninterruptedly.

Rancho Drive-In shows start at 8 p.m. Food and playground facilities are provided.

GIRL SCOUTS

Girl Scout Troop 280 had an enjoyable Campout during Easter vacation. It was held in the backyard of the home of Mr. and Mrs. W. L. Holsclaw, at 8281 Golden Ave. They were supervised by Mrs. I. L. Johnston, leader and Mrs. I. A. Szalay, co-leader. The girls cooked hamburgers on "tramp stoves" using "Buddy burners" for fuel. FOR MAGIC IN COOKING—

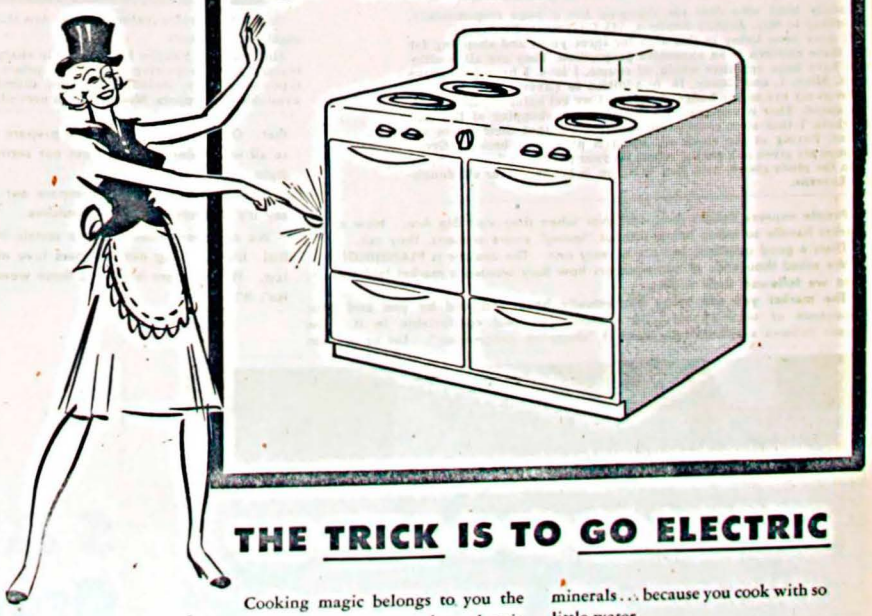
SO THRIFTY!



THE TRICK IS TO GO ELECTRIC

Cooking magic belongs to you the moment you put a modern electric range in your kitchen.

And the magic shows up not only in the good taste of your meals and the cool, clean, easy, automatic way you prepare them.

It shows up in your food budget, too — for electricity cooks foods at their healthful best — prevents unusual shrinkage — retains vitamins and minerals . . . because you cook with so little water.

Now — go modern — join the thousands who have brought magic in cooking to their kitchen with a new electric range. See your dealer . . . see how you can buy the beautiful new electric range of your choice . . . on easy terms.

And remember . . . when you both cook and heat water electrically, you buy your electricity at lower rates.

Civil Defense Notes

Charles Gurley HO 6-3745

Tonight's the night. Yes, tonight at 8:00 is the Civil Defense meeting at the Lemon Grove Youth Center and we will hear a most interesting account of her life under Stalin and Hitler in Poland and Germany as was experienced by Mrs. M. J. Rewicz, according to an announcement made today by Dr. Frank B. Gigliotti, Zone Warden for this district.

"We can promise you a most interesting program from Mrs. Rewicz and it won't be a lot of tedeous theories but actual facts about living under the absolute control, first under Stalin in Poland and later Hitler in Germany, where her husband, a Polish army captain was held in a concentration camp," said Gigliotti.

Mrs. Rewicz was born in Chicago where she had her own business and is quite accustomed to public appearances. We can assure you she knows her way around. We inquired if we might ask questions afterward and she very graciously said we might. So come and hear the remarkable account of what happened to one of our present neighbors.

Incidentally, that very photogenic drum majorette from Helix High School, Miss Rewicz is the daughter of our speaker. Perhaps you saw her in the National City Band Contest parade last week.

succumbed to an under-the-table whisky license shakedown. I know he did not because I was present when he turned down, without qualification, an offer to assist with the license for $2,000.

I don't know how newspapers can be completely clinical in their headline treatment and I shudder to think of the results should they tell the complete and unvarnished facts in every story.

I can only offer these stalwarts my sympathy and remind them that as long as words must pass thru the human mind, coloration and sometimes bad judgement is bound to creep in.

BIG ACE Has All The Things You Want

GIVES S. & H. GREEN STAMPS

And many things you never EXPECT to FIND

Family head who does the shopping has a huge responsibility, according to Mrs. Juanita Simpson, 543 Cuyamaca, El Cajon.

"I have been living in this area for three years and shopping for my three children is an expensive proposition. They are all healthy and have huge appetites which, of course, I love. I have two active boys, Mike, 7, and Ronny, 10, in addition to Laverne who is 4 and it keeps my eye on the budget to see that we get value for the money we spend. That is one reason I do all of my shopping at Big Ace Markets. I find after considerable comparison that their prices are lower. Paying at the check-out stand is pleasanter because Green Stamps are given as a partial rebate on your purchases."

In the photo above, with Mrs. Simpson, is her four year old daughter Laverne.

One of the service features of Big Ace Markets is a qualified watch making department.

Mr. and Mrs. Vaughn Lerwill are in charge of this department and feature watch repairing at sensible prices. In addition sales of all types of jewelry, including watches, diamonds and accessories, are available to shoppers. Modest prices prevail.

While we are trusting souls as far as our patrons are concerned, that is not the case with the merchandise we sell. Periodically things that are offered on our shelves run through our food kitchen. A day-in and day-out home economics kitchen in which our product is cooked and results distributed to our patrons, is under the watchful eye of Big Ace executives. If the results do not come up to our taste and quality standards the merchandise comes off our shelves until such time that the product does equal Big Ace standards by actual test.

This expensive but vital operation is being supervised here by Eddie Morgan, grocery department manager.

People express delight over and over when they visit Big Ace. How can a market handle so many items without "losing" entire sections, they ask.

Thats a good question, but it's an easy one. The answer is PLANNING!

We asked thousands of home-makers how they wanted a market laid out . . . then we followed their wishes.

The market you see today has actually been designed by you and your thousands of counterparts. No wonder you feel comfortable in it. The layout follows a scientifically normal "shopping progression". Let us explain that. On the shopping list you prepare at home one item suggests another . . . so all we've done is to lay out our sections and departments in "shopping list" style.

Next time you come in compare our layout with your shopping list. You'll say it's uncanny the way it matches.

We can even name where a certain item will appear on your next shopping list! It's the thing our shoppers love most and it always appears on your list last. The last item is always those wonderful S&H Green Stamps. Elementary, isn't it?

As reluctant as we are to boast, we must admit that our frozen food section is super. The floor area and freezing space alone is larger than a great number of complete markets in the county area. We also like to boast that our frozen food department is so complete that anything a family could normally want to sustain itself can be bought here frozen and that includes unusual items right down to frozen coffee.
